

Assembly & Installation Instructions

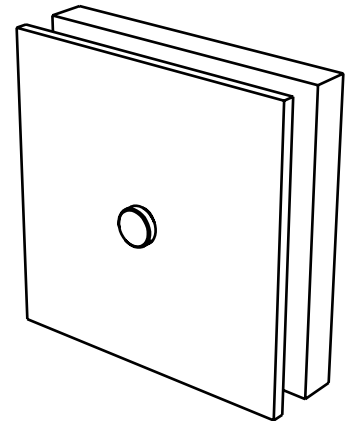

ATTACHMENT PANEL HOLE GUIDE

SIGN PANEL HOLE GUIDE

8.1 : SIGNAGE WALL FIXED PANEL SUPPORT

Wall Fixed Panel Support Installation

1. Using the hole guides, drill the appropriate holes into the attachment panel and sign panels.
2. Attach the back section of the panel support to the attachment panel using the appropriate screw depending on panel material.
3. Position the sign panel over the back section of the panel support, and screw the front section into place.
